FLORIDACARSER COACHING NOTES 1890-96

• Couch Sparries is a true player's coach, He's been on the field at Florida. He allotes the purpers to make many of their decisions, but he expects a tremendous amount of effort, support and producticity when it comes to playing time. It was a privilege to play for him.

-- DT Bred Culpeppu 1981 All-America Culomiye 1850y

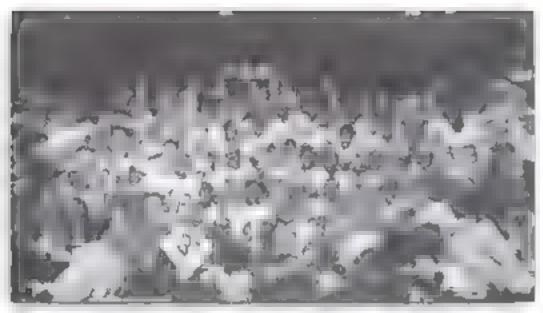

6 Treatis admire Couch Spherive's ability to materate
the team the way he does. He is also the type of couch that
you can easily talk to. He looks out for his players and
he allows you to have fan within the rules ??

ILS Carillon Miles 1912 Ali-SEC classicates I really liked playing for Coach Spacetic and I mad happy he has had so much success. He was white-apen roach. That's have you're supposed to play the game. That's what college football is also above. You re not supposed to be wat conservative. You reant to play for a guy like Coach Spaceter who is witness to do anyming at may moment. I amound of players, like him because he's up front and hanest. He's going to say the first thing that comes to mind, whether it's good or bad. That's how you want people to be with you. He really tens it like to is.

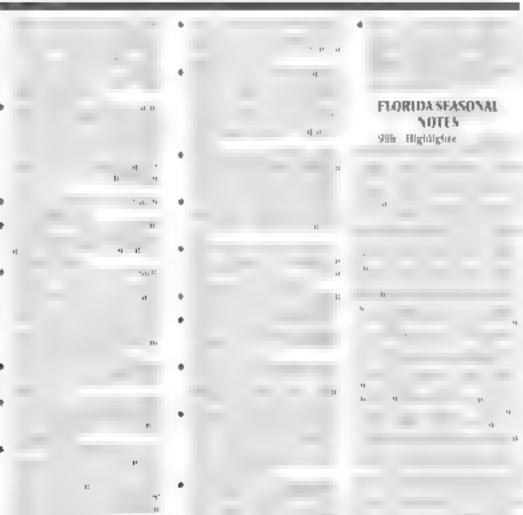

Anthone Lold Man Directors of Legist is directored Av. Sec relactors that is 185 and 1856

He is the perfect head couch. He really cares about his players and has a knock for bringing out the best in each member of the team. It was a real delight and privilege to play under him.

# Best of Both Worlds

national football championship last season is the latest in a series of achievements that have catapulted the overall Gator athletic program to elite national status. UF and UCLA are the only schools to finish in the top 10 in final national all-sports rankings in each of the past 14 seasons and Florida, along with Stanford and UCLA, are the only schools to rank in the top five in final national allsports rankings in each of the last eight years. Florida is one of only two schools this decade to win a national football title, have its men's basketball team advance to the Final Four and its baseball team advance to the College World Series.

Florida's athletic success has developed within an overall university atmosphere that stresses a commitment to excellence and pride in all academic and athletic

endeavors. Successful achievement in that regard has been documented in recent years with UF's consistent appearances in studies dealing with combined academic and athletic success. An independent study published in the NCAA News in 1992 named UF, along with UCLA, Texas, Stanford, Penn State and Southern Cal. among the top six schools in the nation for having the best mix of academic quality and athletic success. A 1994 ranking by the American Council of Education ranked UE along with UCLA, Michigan, Texas and Stanford, among the nation's five premier institutions for combined academic and athletic achievement. Florida, along with UCLA, Texas and Stanford, was one of only four schools in the nation to be ranked among the top six and top five, respectively in each of those two national studies.
